Infinite Campus Parent/Student Portal

Student Information Systems (SIS)

Use the **Select Student** dropdown in the top left of the screen to view a list of the students you have the rights to view. Select a student.

Students can be enrolled in multiple calendars or schools. When this is the case, another dropdown menu will indicate which enrollment information is currently being viewed and will allow the user to view the information from other enrollments in the current year.

The calendar screen will open. You will be able to see your student's assignments, attendance, and any events in the current month. Just click on the icons. Use the Index at the right side of the screen to view other information that is available.
